

Dr. Cassandra E. Scott

(A.K.A. Pastor C) is completely committed to restoring the people of God's faith, families, finances, and futures. She is the founder of Created2Produce, Cassandra Scott Ministries and Founding Senior Pastor of Turning Point Faith Ministries in Houston, Texas where she co-pastors with her brother, Pastor Roscoe Hilliard. The sister-brother team share a desire to help people find their turning points to destiny.

Dr. Scott is humbled by her God-given gifts of teaching, preaching, pastoring, and evangelizing. Yet she delivers in a powerful way through weekly speaking engagements, bible studies, one-on-one mentoring, planned conferences, training, and workshops.

When told by doctors that she could never have children, like Hannah, Pastor Cassandra sought the face of God, and today, by the grace of God, she is a dedicated mother of three beautiful adult children: Daughters: Garelyn Evett and Gabrielle Chrishell, and a handsome son, Gary Emerson II. She's also the proud mother and grandmother of grand-daughter, Bailey Evett Sauls, and son-in-law, Baron Sauls.

Through her experience with overcoming difficulties in conception and child-bearing, Dr. C uses her gifts both spiritual and physical to help other couples who are having difficulties conceiving to bring forth children. As a result of her experiencing God in this capacity, Dr. C has become a spiritual midwife giving birth to a number of pastors, leaders, directors, authors, preachers, teachers, evangelists, and business professionals. She holds a yearly 9-month boot camp and 3-months of aftercare for individuals who are seeking to 'Birth their Brilliance.'

The author of several books: *Created2Produce – Your Turning Point to Destiny*, *Created2Produce – The Workbook*, *A 40-Day Prayer Journal*, *There is a Blessing in the Cluster*, *The Nehemiah Anointing*, *The Secret Place*, and a children's book: *Girls and Boys are Created2Produce*, Dr. Scott is both an anointed teacher and student of the Word of God. She earned her Doctorate, Masters, & Bachelors in Theology at Immanuel Temple School of the Bible accredited by Calvary Theological Seminary & Cornerstone University of Lake Charles, LA.

Dr. Scott practices empowerment in both the spiritual and physical arena and has actively participated in community and economic development opportunities with ministries, businesses, organizations, and leaders for over 20 years. Some examples of her business initiatives, projects, community development, and leadership activities are:
